Testimonials

I have used Claire's Catering for both funerals & weddings within the last two years, and would have no hesitation in recommending Claire to anyone looking for a very professional and personable caterer. And on the day everything came up to and surpassed expectation. The dining rooms were transformed by Claire's team with their armfuls of table linen, cutlery etc. The food was delicious - very high quality and the service was friendly and efficient. To sum up, Claire offers an excellent, no worries outside catering service at a very competitive price
